JACK FACT

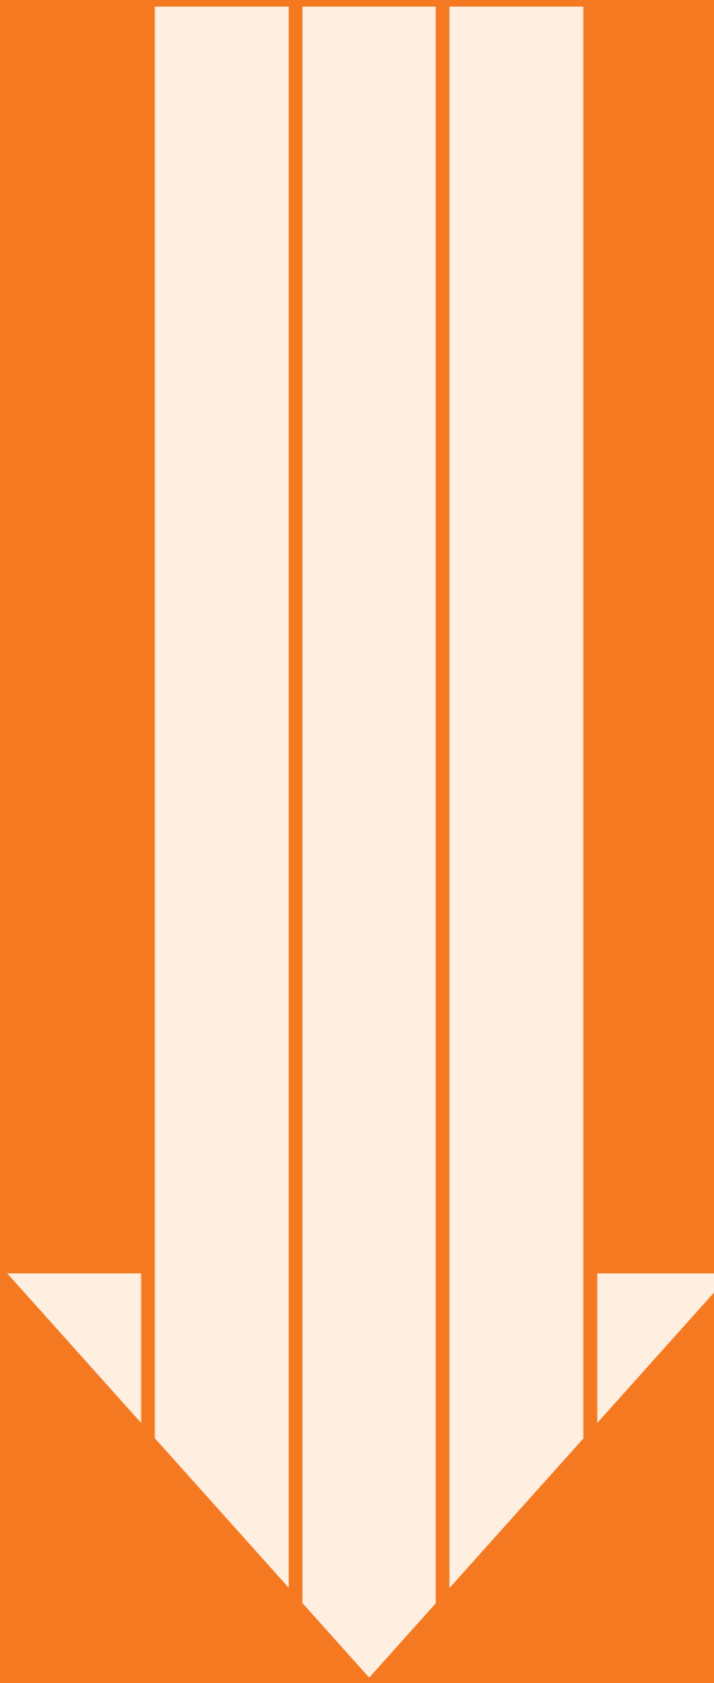

Thirty years ago Chuck Roberts preached us his famous lyrics "In the beginning... there was Jack". The track first appeared as the A-side on 'Rhythm Controll's - My House', released by 'Catch A Beat Records' (Chicago, Illinois) in 1987.

The lyrics referred to a world where the place Martin Luther King dreamt of, would be a reality. Now, thirty years later, Jack has opened his doors in Rotterdam. And everyone is invited to enjoy his vibe!
